## CHARITABLE GIVING AT THE LEARNING LANE

We at The Learning Lane are grateful every day for all we have and we can share with our teachers and clients. We strive daily to improve the lives; one child at a time, through our ABA based therapy, our love and our support of families affected by disabilities.

We also believe it is important to support our community. We do this by Charitable Giving. This is conducted in several ways:

- ✓ **Interns at The Learning Lane.** Giving high school and college students the opportunity to 'try out' this career and see if it is the right fit for them for their future.
- ✓ **FACES:** <http://www.facesautism.org/mission>
