SPECIAL LIFE NETWORK

EVERY LIFE IS SPECIAL

Walk, Run and Roll

A SPECIAL LIFE® Community Event

The second annual Walk, Run and Roll will be held **September 26, 2015** from **9:00 to noon** at the **Rob Fleming Park in The Woodlands**. This fun community-wide walk and festival is designed to build special needs awareness, highlight abilities, and promote integration.

Participants will enjoy a “walk” as we mobilize along a 1.5K scenic path, wide enough for everyone from weekend walker to the child that runs ahead or the individual in a wheelchair. The festival that follows includes food, fun games and activities that are adapted so everyone can be included. Family-friendly entertainment will take place from the stage, including unforgettable interactive puppet performances with characters that share real facts and feelings about special needs and differences. The event is about having fun together, whatever your abilities. We will also have a silent auction benefiting Special Life Network. **Registration required.** Participants who register **before September 15th** will receive an event t-shirt.

Register at www.speciallife.org!

Don't forget to check out the list of auction items too!
